COMPANY

E-STORAGE

We will scan your abstracts and store a digital copy, making the entire process more secure, more convenient, and less expensive.

MORE SECURE

Physical paper copies of documents can easily be damaged by fire or water. Digital copies are protected from those outside elements, and we have security measures in place to protect your information.

MORE CONVENIENT

Avoid delays caused by waiting to find or deliver the physical abstract when it's time to sell your home! Simply call Iowa Title Company, and we'll provide your certified copy through your certificate date!

LESS EXPENSIVE

When you store your abstract in a lock box, you're subject to paying an annual fee, but with an e-storage, you only need to pay a one-time fee.

PROTECTION ON INVESTMENT

Replacing an abstract is an expensive process and could cost around \$1,000. E-Storage eliminates the costly risk of replacing lost or damaged abstracts for a one-time fee.

FOR A ONE-TIME \$50 FEE, YOU RECEIVE:

- Scanned and electronically stored abstract saved through your certification date.
- Emailed certificate that your abstract is e-stored with Iowa Title Company.
- Annual reminder that your abstract is e-stored.

HOW DOES IT WORK?

To convert to an electronic abstract with e-storage, simply visit www.iowatitle.com/e-storage or complete the form below and submit your one-time fee. We'll then email you a certificate you can keep.

Name: _____ Mailing Address: _____

Property Address of Abstract if Different: _____
